Subject: I believe that it has been and still is wrong for the U. S. Dept. of Justice to have any court cases

I believe that it has been and still is wrong for the U. S. Dept. of Justice to have any court cases against Microsoft. Microsoft has done nothing wrong. And the U. S. Dept. of Justice should never have brought a suit against Microsoft in the first place. All of this litigation is a waste of my tax dollars. The U. S. Dept. of Justice should use those dollars to fight terrorists and illegal immigration. Thank you. Ted
